Gramophone's reviewer O.R. as a delicately succulent plate of Parma ham and melon where he would have  
preferred a more Brahmsian beefsteak this recording grew with each listening to one of my lifetime favorites.  
It is probably one of the deepest Brahms ever recorded. Pollini and Abbado stripped down all that is awful in  
Brahms, the Wilhelminian, the academical, and have to offer something plainly thrilling instead. **16.80**

Our grading is absolute, there is no such thing as a record in generally fine condition with a bad scratch on it. There is no secret grading hidden in the price. We will never claim a low price as an excuse for bad condition.

#### **A+**

Sealed or in mint condition, not necessarily unplayed, but in a state where you can hardly tell whether it was played or not. The (+) in brackets indicates a record which is just as fine, but you do see that this record has been played. A box set with 4 A+ records and one obviously played but fine record could be given the same grade A(+)

#### **A/A(-)**

Fine: Very light scuffing or spindle marks. The typical condition of a careful collector's record. Runs perfectly fine and should give full satisfaction. The brackets A(-) indicate that a small visual blemish has proved virtually inaudible when checked on the player.

#### **A-**

Just a bit below perfection, the same type of small light blemishes proved to be still tolerable.

#### **B**

O.K.: Marks on the surface which are audible. Items in this condition are rather a bit noisy than severely scratched, and offered only, if they are rare, interesting and still enjoyable. They are often very lovely indeed, especially when given a **B+**. We do not offer seriously scratched records without explicit warning (**a.s.**). B records make about 2% in our lists.

Please note that grades apply only to the records themselves. Problems with a record's cover will be noted in the list **cov-**. Nothing should be too bad. Some type of records - early Melodiya in the main - come with a poor general cover and the less fine condition of these should be understood. If a cover (especially one of those where one would expect nothing too brilliant) is especially fine, it is noted **+cov**.

**as new**

- for once - refers to both record and cover, even with very old LPs.

**OA** -original album jacket with later pressings

**full booklet** is telling the item from later issues where the original, often luxurious, booklet is replaced by a mere info sheet.

**Abbreviations**

**M/** mono

**a.s.** audible scratch

**es** electronic stereo

**DMM** direct metal mastering (not necessarily digital)

**g/ nl/ eng/ fr/** pressing stems from Germany, Netherlands a.s.o.

**as new** refers to vinyl *and* cover

**cov+** especially good condition of the cover

early Melodiya were delivered with a poor general paper cover, **+cov** refers to an extra (properly printed) de luxe cover that was available independently from the record.

**color-abbr.** such as **wh-gld**, **bl-wh** refer to the label.
